

↳ Sky - WHAT'S THE MEANING?

We're all struggling, yearning, wanting, needing  
laughing, crying // trying to suppress the aching pain  
inside us // so we're hiding behind masks // it's no  
surprise that the system denies us our human rights  
so where am I heading? It feels ~~stagnant~~ like I'm heading  
to dead end. I'm so disheartened and the streets feel  
threatening // I've seen too much - was naive I guess I  
dreamed too much / dreams of a world that breeds  
the Love - the Solar systems - ~~was passed to be~~  
been diagnosed with AIDS it's manmade, a billion man  
march ignored our campaign - all I can say? It's damn  
stare - but I'm spit ~~words~~ rally up the troops ~~thru~~ my  
~~campaign~~ for base - I don't need Guidance! Just  
truth it comes out when I'm in the booth - here's PROOF  
I'm my own WORST ENEMY // self pity and self doubt  
that's affecting me - God what's the remedy?

~~2000SX2~~

When I'm dreaming I wonder - Is life an interlude to death?  
~~is it fate?~~ is it fate? or free will? and still I'm  
dreaming and when I wake! what's my reason for being  
~~me~~ my soul aches - so what's the meaning?
